

Swindon cycle orienteering challenge

On the Swindon 2009 cycle map you will see 26 red numbered circles. These represent orienteering markers attached to lampposts, railings or signposts. The markers look like this:

The markers contain a letter in the bottom right hand corner.

All you need to do when you find a marker is write the number in the grid (below) in the box that corresponds to the location's number. This is a way of showing that you have been to each location.

When you have collected all 26 letters and completed the grid below, send this form into:
