### **Swindon Local Safeguarding Children Board Training**

Swindon Local Safeguarding Children Board is committed to providing a comprehensive and effective training programme to agencies within Swindon.

The Swindon LSCB training programme has been developed by the Safeguarding Trainer and the Swindon LSCB Training Sub Group, which brings together representatives of partner agencies.

The programme aims to increase participant's knowledge and skills in the field of child protection to enable them to provide high-quality services and improve outcomes for children, young people and their families and carers. It is underpinned by an ethos, which values working together collaboratively across agencies, respecting diversity, promoting equality, is child centred and promotes the participation of children, young people and families in the processes.

## Multi-agency Training Programme 2011

All events are fully subsidised, so free to book and attend, but a charge of £75 per day will be made for non-attendance or late cancellation if an alternative delegate does not fill the place.

All events run from 9:30am to 4:30pm (unless stated otherwise)

The main venue for training is Oaktree Annexe on Priory Road in Park (OAKT on calendar). 'Building Self esteem...' runs at the education centre at Lydiard House and, occasionally, other venues are also used – eg Park South Community Centre (PSCC on calendar). You will be given full details and directions to the venue on confirmation of your booking.

**IMPORTANT: These courses are not run by SSSP, please do not use the booking forms provided in this plan. When you contact the person named below please mention that you saw the course advertised in the SSSP Training Plan.**

### Introduction events

We understand that attendance at a 2-day foundation-training event can be difficult for some people and that, in some areas of work, that level of training may not be required by all staff. These 2-hour introduction sessions encourage a broader audience for our training and briefly cover all the key issues, give you a Swindon specific perspective and introduce you to local support services that can help you in the future in your work with children and young people.

The introductory sexual health workshop was made mandatory in 2010 for all front-line staff working with young people aged 13+. Our experience has been that those working in early years and with primary age children also find it very useful and evaluate it well.

#### **Introduction to Sexual Health (2 HOURS various times)**

Do you ever consider whether the work you do with children, young people and families involves anything to do with sexual health?

These sessions will show you just how much sexual health work you're already doing without even realising it. For those working with early years and primary age children, find out how what you do now is the foundation for all later learning in secondary school and on into adulthood.

and how to promote sexual health with young people of all ages. The Healthy Schools Team, outreach sexual health services and GWH sexual health department support the facilitation of this training.

### **Understanding Alcohol and Other Drugs – working with children and young people (2 DAYS)**

Recommended introductory training for carers, volunteers, staff and managers in the Children's Workforce on key themes, skills and research in substance use. One day focuses on alcohol and core skills and the second day on other drugs of use and misuse; introducing valuable resources, skills and techniques to enhance your practice and boost your confidence in this area. It is co-facilitated by the Healthy Schools lead for Drug and Alcohol Education. Always well evaluated and a useful foundation for further training.
