Criteria and Funding Conditions FOR CHILDREN 0-18 YEARS OF AGE

1. This funding stream is available to settings who require one to one support to care for a child who has SEN, or a disability, whilst enabling parents to access work or training.
2. There is an expectation that the one to one support funded by the above grant will be consistent.
3. Settings sited within the Borough of Swindon providing one to one support for a child with SEN or a disability will be able to apply for the funding providing they have a current, ongoing, contract in place with a family for the application period.
4. Settings can have more than one qualifying child on their registers at any time. There will be no maximum number of claims in any one year. Each application will be considered based on the information supplied to Swindon Sure Start Partnership (SSSP).
5. If the setting cannot continue the arrangement for a reasonable period the setting may be liable to repay some, or even the entire funding.
6. If the family, through no fault of the setting, terminate the arrangement then funding may not need to be repaid.
7. SSSP reserves the right to ask to see a copy of the contract made between the setting and the family.
8. Considerations for inclusion funding from SSSP must be accompanied by fully completed, signed and dated:
 - Reapplication Form
 - Financial Information
 - Working Parent Form – only if there have been any changes since your initial application
 - Child and Family Details – only if there have been any changes since your initial application
